BRIEF RECORD UPGRADE QUESTIONNAIRE

For an estimate of what costs will be involved if you do a Brief Record Upgrade with MARCIVE, please:

- Complete this questionnaire.
- Output at least 50 brief records from your system, preferably in MARC format with holdings. Send the records as an e-mail attachment.
- Send an e-mail to a Marketing Representative at MARCIVE with the record sample and questionnaire.

Name of institution: _____

Address: _____

City: _____ State/Province: _____ Zip/Postal Code: _____

Contact: _____ Title: _____

Telephone: _____ FAX: _____

E-mail: _____

FILES OF BRIEF RECORDS

1. What system produced the brief records you want us to upgrade?

2. The upgraded records will be loaded/reloaded into: _____ (system) _____

3. Do you have a date by which the work needs to be done? _____

4. Do you want us to upgrade all of the records you send us?

Yes.

No, some of the records have already been upgraded. Criteria for determining which are to be upgraded: _____

5. Brief records are coming to MARCIVE via

FTP

Sent as e-mail attachment

CD

Other: _____

6. Total number of records in the project? _____

b. Of that number how many are audiovisual (videos, cassettes, books on tape, CD's?) _____

7. Will there be more than one library upgrading? If so, how many? _____

If more than one library is upgrading, will all of the data be from the same system and in the same format?

Yes.

No. Please send a file from each library. Be sure each is identified with the library name, overall project name, and system name as indicated above.

8. What is the format of the records sent? MARC-formatted records are the easiest for us to read; reading non-MARC records may entail additional cost.

MARC Excel Other: _____

Please list the files you have sent and the number of records in each. If your system does not tell you but you have an idea of the number of records, please give approximate numbers.

FILE	NUMBER OF RECORDS
#1 _____	_____
#2 _____	_____
#3 _____	_____

If you have more than three files, please list on a separate page. Thanks!

9. If you are sending non-MARC records, not all of them will be "hits" in our database. Do you want us to map the "no-hits" to MARC format?

No. Yes. Please let me know the additional cost.

MATCHING CRITERIA

The MARCIVE computer program searches for a match using the following elements. As soon as it finds a match, it goes on to the next record and does not look for any more matching points.

Sequence of searching:

1. LCCN + words from the title
2. ISBN + words from the title
3. ISSN + words from the title

If more than one record matches, publisher is checked.

4. Title words + First word of the author's name + Publisher word(s) + Date of Publication (exact)
5. Title words + First word of the author's name + Publisher word(s) + Date of Publication (can vary by 5 years either direction) If the system cannot find an exact match on date, it tries to find the closest year.

PLEASE PROVIDE PRICES FOR THE FOLLOWING:

Database of upgraded records. Output on:
 FTP CD (compact disc)
